

MediGroup GPO For The LTC/Extended Care Markets

Whether you are a Long-Term Care Provider or HME/DME dealer, the MediGroup Group Purchasing Organization (GPO) has a portfolio of contracts and services to help lower your costs that will benefit your organization in many areas.

MediGroup Contracts and Services for Long Term Care Include:

- **Contracts for all your food needs.** MediGroup works with many broadliner distributors giving you the most options on accessing our food contracts.
- **Savings on medical supplies including incontinence products, enteral feeding products, advanced wound care supplies and capital equipment.**
- MediGroup has contracts for your **janitorial supply needs including chemicals and cleaning equipment.**
- MediGroup members **enjoy savings on office supplies, IT products and services as well as office furniture.**
- Give MediGroup an opportunity to lower your costs on **landscaping/lawn services.**
- Our **contracted pricing on automobiles and E-class transportation buses** offers significant savings to our LTC members.
- Doing any new construction? **MediGroup can help lower the cost of materials for these projects and we will work with your general contractor.**
- Employee "Perks" Contracts such as **cellular discounts, office supplies**, as well as **discounts on paint and rental cars** offer benefits to member employees.

MediGroup's goal is to assist our member's purchasing and operational teams to help them access the best costs for supplies and services used to run their facilities and care for their patients. There are so many ways MediGroup helps our members realize savings it is hard to include them on one brochure. MediGroup is happy to offer prospective members a free audit in any of these areas to prove our value. Please contact your MediGroup representative to see how we can help.

ABOUT MediGroup:

Founded in 1999 and based in Chesterfield, Missouri, MediGroup is one of the largest non-acute care group purchasing organization (GPO) in the U.S.

MediGroup works alongside its sizable roster of members - which includes surgical clinics, non-acute care facilities, long term care facilities and physician offices nationwide - and helps them cut annual costs by connecting them with only the very best services and products.
